CC Docket No. 02-6

This is a letter of appeal. We are appealing an SLD Decision for billed entity #140961, Form 471 Application #442513, Funding Request #1222522, and Funding Year 2005-2006.

The library is appealing this decision on the basis of what is right. The SLD was established to help communities, not to keep funds from communities. We are asking what is rightfully due to the Archer City community. Due to an error made by the librarian in electronic filing, should the library and its patrons be penalized?

The library has been funded at 50% ever since the beginning of the program. This year SLD approved only 20%. Attached is a letter from the Archer City Independent School district stating how many students qualify for Free and Reduced Priced Meals. The percentage combined with the urban designation of Archer City clearly makes our discount 50%.

We only ask for help on land phone lines. It comes to very little. However, our budget is very, very small and the missing 30% difference will devastate the library. Thank you for your reconsideration.

Sincerely,

*Cheryl Beesinger*
